

What does this mean for me?

Affordable quality you can trust - for all.

A Bosch Car Service garage will provide the following:

- Standard interval servicing
- General mechanical repairs
- General fault finding and problem rectification
- Fault diagnostic service

VALUE

It's unwise to pay too much, but it's unwise to pay too little.

When you pay too much you lose a little money, that's all. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing you bought it to do. The common law of business balance prohibits paying a little and getting a lot. It cannot be done. If you deal with the lowest bidder, it's well to add something for the risk you run. And if you do that, you will have enough to pay for something better.

John Ruskin (1818-1900)
